

What's in your Drink?

First Taste: Mango, mango, and overall; Mango. It was away from the norm of energy drinks, and tasted really good.

After Taste: Not a very noticeable after taste. It had a very warming feeling to it and was not bad at all.

Description of drink: Smelled like mango, tasted like mango. The drink looks a lot like orange juice. The taste altogether resembled a Capri-sun, and was easily consumed due to the fact that it didn't feel like something was eating away at the inside of your mouth.
